Checkpoint 6 Sprint 4 peer review 05-06-2023

I feel great with the summary tables progress. They seem to help a lot with performance of the queries. I am glad I could submit 2 different products for review this sprint.

He managed to deliver even more than it was planned to. He picked up some additional tasks and researches before the sprint delivery and improved the overall progress of the group. Really nice communication and proactive manners. Great job and keep the nice work! [Read less](#)

You did good job with the the tasks assigned to you. You were always on time and present in the group meetings and let the others know if you can not attend a meeting. During the presentation, you presented your findings with confidence and you were ready to answer any upcoming questions. Overall, great job and keep up the good work [Read less](#)

Checkpoint 5 Sprint 3 peer review 05-06-2023

I feel like I did good work with the summary tables during this sprint even though it wasn't perfect.

He finished all required work for the sprint, and presented it in a perfect manner on the sprint delivery presentation. He always kept other group members updated about his work and proactively ruled the discussions over project topics. Keep the great work! [Read less](#)

Checkpoint 4 Sprint 2 peer review 17-04-2023

I quite enjoyed working on updating summary tables this sprint. They are a very interesting concept and fit with my interests.

Your work on the summary tables events solves a problem that the client was concerned about - updating them real time without manual work. Automation is always welcome. Good job!

It was really interesting to see how much you were able to do during this sprint and how helpful it could be for the client.
